cold cups and lids

# ecotainer®

International Paper Foodservice Business is pleased to announce a fully compostable paper cold cup and lid as part of the company's ecotainer® product line. ecotainer® consists of fully renewable resources including Ingeo™ biopolymer, a plant-based material and fiber sourced from sustainably managed forests. The ecotainer® cold cup and lid are just another example of steps we are taking towards a more sustainable future. Finally, the complete package, a cold cup and lid that can be composted!

## Cold cups and lids look so much better in green!
